

Operating

www.arrl.org/shop = 1-888-277-5289

The ARRL Operating Manual 10th Edition

Item No. 5965 - \$34.95 **ARRL Member Price! \$29.95**

The ARRL Operating Manual is the most complete quide to Amateur Radio operating. It has everything you need to know about ham radio operating-from exploring the broad range of activities, to sharpening your on-air skills. It's filled with information every ham needs, from newcomers looking for

basic operating techniques to more experienced hams looking for new things to do with their gear.

Whether your interests are more technical or public service oriented, you'll turn to The Operating Manual for information on what to operate, where to operate and how to operate.

Table of Contents:

- Amateur Radio
- All About Operating
- VHF/UHF
- VHF/UHF
- Disaster, Public Service and **Emergency Communications**
- Traffic Handling
- DXing
- Contesting
- Competitive Wireless
- HF Digital Communications
- Image Communications
- Amateur Satellites
- Legally, Safely, Appropriately
- The FCC Rules and You
- Remote Station Control Over the Internet
- Operating Awards
- References

Oscilloscopes for **Radio Amateurs** Item No. 0976 - \$22.95

ARRL Member Price \$19.95

Filled with practical information you'll need for using a scope. It begins with an overview of the oscilloscope and continues on to discuss characteristics. applications, probes, controls, and input modes. Select an oscilloscope that is right for you!

The digital edition is available in the Kindle format from Amazon

Discover Ham Radio e-book

This booklet is an overview of Amateur Radio and all it has to offer. It discusses the various aspects of the fascinating hobby, provides information about how to pursue your first ham radio license, and how to get started.

E-book is available for only \$2.99 in the Kindle format from Amazon.

Your First Amateur **Radio HF Station** Steve Ford, WB8IMY

Item No. 0079 - \$22.95 ARRL Member Price! \$19.95

The most complete guide to setting up your station and getting started in HF communications. Whether you're new to Amateur Radio or HF operating, live on acres of open property or in a tiny apartment, this

book will show you how to get on the air and enjoy all that Amateur Radio has to offer.

The digital edition is available in the Kindle format from Amazon.

Radios to Go!

Getting the Most from your Handheld Transceiver Steve Ford, WB8IM) Item No. 3077 - \$17.95 ARRL Member Price! \$15.95

If you own a handheld transceiver, or trying to decide which one to buy, this is an essential guide! Unlock "hidden" capabilities that aren't described in user manuals

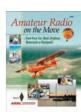

The digital edition is available in the Kindle format from Amazon.

Amateur Radio on the Move

-from Your Car or RV, Boat, Airplane, Motorcycle or Backpack!

Item No. 9450 - \$19.95

Expert advice for radio operating on the go! Mobile radios. installation, antennas, operating tips, software and more.

Rules and Regulations for the **Amateur Radio Service**

3rd Edition

Item No. 1173 - \$5.95

Includes the complete Part 97 rules from Title 47 of the Code of Federal Regulations. Rules effective September 3, 2014.

ARRL Software Library for Hams

CD-ROM, version 4.0

Item No. 4364 - \$22.95 ARRL Member Price! \$19.95 Quick access to utilities, applications and information: Software defined radio, station logging, digital operating, CW decoding, image

editing and more.

Storm Spotting and Amateur Radio

Item No. 0908 - \$22.95

A resource for Amateur Radio operators who volunteer as trained storm spotters. Includes equipment, safety, storm spotter activation procedures, developing a local storm spotter manual, and the experiences of storm spotters from around the country.

The ARRL Satellite Handbook

Steve Ford, WB8IMY Item No. 9857 - \$24.95

Bring the thrill of satellite communications within your reach! Filled with understandable descriptions and illustrations, this book includes all the tools you need to participate in this exciting field.

Morse Code Operating for Amateur Radio

Item No. 0004 - \$17.95 ARRL Member Price! \$15.95

Discover the advantages to learning and using Morse code, how to set up your station for CW and how to adjust your Morse code key. You'll gain the confidence you need to try out your new skills on the air!

Your Introduction to Morse Code

Item No. 8314 - \$12.95

Don't just learn the code-master it! This set includes two audio CDs with nearly 2-1/2 hours of practice. As you learn Morse code at 5 words-per-minute. Follow the proven ARRL teaching system.

ARRL Morse Code Oscillator Kit

Item No. 0022 - \$24.95

A great "beginners" electronics kit! Ideal for ARRL members. Amateur

Radio newcomers and instructors seeking a classroom kit-building experience.

Morse Code Key

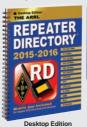

Item No. 0242 - \$15.95

The ARRL Repeater Directory® 2015-2016 Edition

The best directory of frequencies for the thousands of repeaters around the country!

- Mobile App included enjoy 12 months of the full version app!
- Digital Mobile Radio (DMR) listings.
- Spiral Bound Desktop Edition! Lays flat.
- Handy indexing tabs on the cover.
- Easy-to-read listings.
- Repeater notes located right up front.

Pocket-sized (3.75 x 5.25 inches)

Pocket-sized Item No. 0253 – \$14.95 ARRL Member Price! \$12.95

Desktop Edition Item No. 2205 – \$19.95 ARRL Member Price! \$17.95

ARRL Repeater Directory App

...Powered by TravelPlus[™] Item No. 8293 – \$9.95

Easy-to-Read Size (6 x 9 inches)

Download an app to access The ARRL

Repeater Directory® database from your Android phones and tablets.

Purchase your activation code from ARRL, then visit

Google Play™ to download the free application. Grab your phone and go!

Please note: Apple iOS users must purchase The ARRL Repeater Directory (book and app) in order to access the full version of The ARRL Repeater Directory App.

TravelPlus for Repeaters

CD-ROM, version 19.0 Item No. 0284 - \$39.95

Make **TravelPlus** your traveling companion, and you'll never be alone on the road. Use the integrated maps and repeater data to locate repeaters along

your travel route. It's like having the power of The ARRL Repeater Directory® on your COMPUTER! Requires Microsoft Windows" XP or Vista. GPS feature requires a GPS device. Upgrade available for previous customers. Contact ARRL for details.

TravelPlus Mobile GPS™

Item No. 7327 - \$24.95

It's like having the power of **The ARRL Repeater Directory**® on your
Garmin GPS!

For more information and to place an order visit **www.arrl.org/shop**. You will receive an email confirmation with instructions for downloading and installing to your GPS.

Minimum System Requirements: Garmin nüvi, dēzl or zūmo GPS with at least 3.0 MB free memory space available for a POI file.

HÄNDBOOK

The ARRL Handbook 2016 Edition

Hardcover, Book with CD-ROM Item No. 0420 - \$49.95 (retail \$59.95)

Softcover, Book with CD-ROM Item No. 0413 - \$49.95

The ARRL Handbook is a valued reference for radio electronics and wireless communications. Since 1926. it has kept radio amateurs, professionals, and experimenters immersed in applied theory and do-it-yourself projects. It covers a wealth of information: the fundamentals of

electronics and radio signals, construction practices, antennas and propagation, equipment and circuit design, and other useful reference information.

Introduction

■ What is Amateur (Ham) Radio

Fundamental Theory

- Electrical Fundamentals
- Analog Basics
- Digital Basics

Practical Design and Principles

- RF Techniques
- Computer-Aided Circuit Design
- Power Supplies
- Modulation
- Oscillators and Synthesizers
- Mixers, Modulators and Demodulators
- RF and AF Filters
- Receivers
- Transmitters
- Transceivers
- Transmitters
- Telemetry and Navigation
- DSP and Software Radio Design
- Digital Modes
- RF Power Amplifiers
- Repeaters

Antenna Systems and Radio Propagation

The Comprehensive

RF Engineering

Reference

- Propagation of Radio Signals
- Transmission Lines
- Antennas

Equipment Construction and Maintenance

- Component Data and References
- Construction Techniques
- Station Accessories
- Test Equipment and Measurements
- Troubleshooting and Maintenance
- RF Interference

Station Assembly and Management

- Safety
- Assembling a Station

Operating Supplement - on CD-ROM

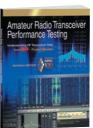

- Space, Digital, Image Communications
- 2016 Annual Transceiver Survey

Amateur Radio Transceiver Performance Testing

Understanding HF transceiver Data from QST Product Reviews

Bob Allison, WB1GCM Item No. 0086 - \$22.95 ARRL Member Price! \$19.95

Learn the technical terms and parameters presented in QST's Product Review, how published data relates to actual performance, and what the numbers mean. Great for Amateur Radio operators looking to purchase a transceiver.

ARRL's Hands-On Radio Experiments

Ward Silver, NØAX

Volume 2 Item No. 3411 - \$25.95 ARRL Member Price! \$22.95

Volume 1 Item No. 1255 - \$19.95

Over 60 short electronics experiments from the pages of QST. Step-by-step Silver expertly leads you through each experiment-and you'll make discoveries along the way. Each book includes a complete parts list!

Hands-On Radio **Parts Kit**

Item No. 1255K - \$89.95

Use the parts kit to build the experiments in Volume 1 and 2 yourself! Books sold separately.

Experimental Methods in RF Design

Revised 1st Edition Order No. 9239 - \$49.95

Explore wide dynamic range, low distortion radio equipment, the use of direct conversion and phasing methods, and digital signal processing. Use the models and discussion to design, build and measure equipment at both the circuit and the system level. CD-ROM included.

L/C/F and Single-Layer Coil Winding Calculator

Item No. 9123 - \$12.95

Handy slide rule when tinkering with filters, oscillators, impedance matching circuits or antenna coils. Quick and easy circuit calculations.

ARRL "Basic" Book Series

Understanding Basic Electronics

2nd Edition

Item No. 0823 - \$32.95 ARRL Member Price! \$29.95

Written in a friendly, easy-tounderstand style that beginners and nontechnical readers will eniov. Real-world examples and clear illustrations make the study of electronics interesting and fun!

The digital edition is available in the Kindle format from Amazon.

Basic Radio

Understanding the Key **Building Blocks** Joel R. Hallas, W1ZR Item No. 9558 - \$29.95

An introduction to radio for everyone. Reveals the key building blocks of radio: receivers, transmitters, antennas, and propagation. Simple, build-it-yourself projects turn theory into practice.

kits to building and

testing antennas.

Basic Antennas

Understanding Practical Antennas and Design Joel R. Hallas, W1ZR Item No. 9994 - \$29.95

A comprehensive introduction to antennas. Includes basic concepts, practical designs, and easy-to-build antennas. You'll learn how to make antennas that really work!

Collect the Entire Set!

The Radio Amateur's Workshop

Your DIY Guide to Ham Radio Homebrewing Joel R. Hallas, W1ZR WORKSHOP Item No. 0482 - \$22.95 **ARRL Member Price! \$19.95** Your guide to setting up and maintaining an efficient at-home laboratory and work station. It describes the tools you'll need for projects ranging from assembling electronic

Arduino for Ham Radio

Glen Popiel, KW5GP Item No. 0161 – \$34.95 ARRL Member Price! \$29.95

An introduction to Arduino microcontrollers and practical projects for the Amateur Radio station. It starts by building a solid foundation through descriptions of various Arduino boards and add-on components, followed by a collection of ham radio-related practical projects.

Ham Radio

Ham Radio for Arduino and PICAXE

Item No. 3244 - \$34.95 ARRL Member Price! \$29.95

An introduction to the fun of experimenting with microcontrollers. Features projects that will enhance your ham radio station and operating capabilities. Or, you can take it to the next step, using these projects as a launch pad for creating your own projects.

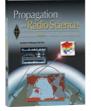

International Microwave Handbook

2nd Edition

Item No. 0330 - \$29.95

Fundamental principles to designing and constructing equipment for microwave bands. Includes operating techniques, system analysis and propagation, microwave antennas transmission lines semiconductors and more.

Propagation and Radio Science

Item No. 0277 - \$27.95 ARRL Member Price! \$24.95

This book covers topics ranging from theoretical exploration to practical application. It explains the phenomenon we observe on the amateur bands and invites you to embark on the journey through the still-unknown radio propagation universe.

The digital edition is available in the Kindle format from Amazon.

Radio Science for the Radio Amateur Item No. 3381 - \$27.95

ARRL Member Price! \$24.95

Explore the science and technology and "nooks and crannies" of the radio universe. You'll find solving long-standing mysteries of radio doesn't require expensive hardware, but a scientific mindset and attention to detail.

ARRL's Low Power Communication

4th Edition

Rich Arland, K7SZ Item No. 5828 – \$27.95

Item No. 5828 - \$27.95 ARRL Member Price! \$24.95

Your guidebook to the fascinating world of low power QRP operating. With only 5 W or less — sometimes much less — you can enjoy conversations over hundreds and even thousands of miles. **Bonus!** Includes the complete assembly manual for the MFJ Cub Transceiver Kit (sold separately).

Get the Book with the Kit!

ARRL's Low Power Communication with 40-meter CW Cub Transceiver Kit.

Item No. 5828K - \$105.95

Build the kit in just a few hours, and you'll be working the world with low-power fun!

20-meter CW Cub Transceiver Kit. Book sold separately.

Item No. 0018 - \$89.95

Hints and Kinks for the Radio Amateur

18th Edition

Item No. 5200 - \$22.95 ARRL Member Price! \$19.95

8 years of the best projects and problem-solving techniques from QSTs **Hints & Kinks** column, one of the most popular sections of the journal. Projects and practical information you can use every day!

More QRP Power

Item No. 9655 - \$19.95

Here are *more* projects and articles for low power radio operating, from the pages of *QST* and *QEX* magazines: construction practices, transceivers, transmitters, receivers, accessories, and antennas.

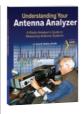

RF Exposure and You

Item No. 6621 - \$22.95

Meet the FCC RF exposure regulations! It's not complicated! Learn how to operate your station safely and legally using simple step-by-step ARRL worksheets and tables.

Understanding Your Antenna Analyzer

Item No. 2889 - \$25.95 ARRL Member Price! \$22.95

An introduction to the various types of analyzers available, their component parts, how they operate and how to utilize them to get the best possible data. Includes product review testing and an in depth look at antenna analyzers available today.

The ARRL Guide to Antenna Tuners

A Radio Amateur's Guide to Antenna Matching

Item No. 0984 – \$22.95

Explore the design, construction and applications of the different types of antenna tuners. You'll gain a better understanding of your antenna system and the way it can be improved through the use of the appropriate antenna tuner.

Circuit Simulation and Analysis ----Androdectors to conserve oded Grand

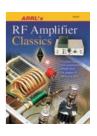

Circuit Simulation and Analysis Item No. 0055 – \$27.95 ARRL Member Price! \$24.95

An introduction to designing and testing simple circuits using PSpice software. It discusses the tools you'll need to create simple circuits and understand their behavior. For beginners in PSpice with a background in basic electronics.

ARRL's RF Amplifier Classics

Item No. 9310 - \$19.95

Two-dozen projects and articles to help shorten your discovery work. There are amps for HF, MF, VHF and microwave. Build safe and reliable amplifiers. Produce loud and clean signals!

The ARRL RFI Book

3rd Edition

Item No. 0915 - \$29.95

Interference solutions covering telephones, power lines, computers and audio equipment. Resources for addressing new realities of digital cable TV systems, over-the-air TV signals, trouble-shooting, and hybrid and all-electric automobiles.

The ARRL Antenna **Book 23rd Edition**

Hardcover. Book with CD-ROM Item No. 0390 - \$49.95 (retail \$59.95)

Softcover, Book with CD-ROM Item No. 0444 - \$49.95

The ARRL Antenna Book has everything you need to design vour own complete antenna system. Since 1939, it has maintained its place at the forefront-a single resource covering antenna theory, design and construction, and practical treatments and projects. It describes hundreds of antenna designs: wire, vertical, portable and mobile, and new high-performance VHF/UHF Yagi designs.

Table of Contents:

Basic Antenna Topics

- Antenna Fundamentals
- Effects of Ground
- Loop Antennas
- Dipoles & Ground-Planes
- Radio Wave Propagation
- Multielement Arrays

■ Log Periodic Dipole Arrays ■ Antenna Modeling

MF and HF Antennas

- Single-Band MF and HF Antennas
- Multiband HF Antennas
- HF Yaqi and Quad Antennas
- Broadside and End-Fire Arrays
- Long-Wire and Traveling-Wave Antennas
- HF Antenna System Design

VHF, UHF, and Microwave Antennas ■ VHF and UHF Antenna Systems

- Mobile VHF and UHF Antennas
- Space Communications Antenna Systems
- Repeater Antenna Systems

Special Applications

- Portable Antennas
- Stealth and Limited Space Antennas
- Mobile and Maritime HF Antennas
- Receiving and Direction-Finding Antennas

Transmission Lines

- Transmission Lines
- Transmission Line System Techniques

Building and Maintaining Antenna Systems

- Antenna Materials and Construction
- Putting Up Towers and Antennas
- Antenna and Transmission Line Measurements.
- Antenna System Troubleshooting

The Care and Feeding of Transmission Lines

Joel Hallas, W1ZR Item No. 4784 - \$27.95 ARRL Member Price! \$24.95

An introduction to the various types of transmission lines. key parameters of coaxial cable and balanced line types. Learn how to select the appropriate transmission line for an application and install it.

Small Antennas for Small Spaces

Steve Ford, WB8IMY Item No. 8393 - \$25.95 ARRL Member Price! \$22.95

A resource for radio amateurs who live in apartments, condominiums, or houses on small lots. Filled with practical advice, you'll find the right antenna design to fit your space available.

The digital edition is available in the Kindle format from Amazon.

SIMPLE ANTENNAS

Simple and Fun Antennas for Hams

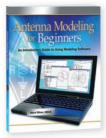

Item No. 8624 - \$22.95

More than 70 well-tested, fun and entirely useful projects. Hundreds of photos and illustrations. Build your first VHF or HF antenna. Explore dipoles. verticals, beams and more. These antennas really work!

Antenna Modeling for Beginners

Ward Silver, NØAX Item No. 3961 - \$38.95 ARRL Member Price! \$34.95

A guide to using modeling software for designing and evaluating antennas. It provides an introduction to EZNEC, the most popular antenna modeling program used by radio amateurs today.

Antenna Designer's Notebook

Antenna Designer's Notebook

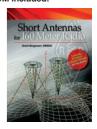

Brian Cake, KF2YN Item No. 1479 - \$34.95

Open a window into the mind of the antenna designer as the design is imagined, perfected, and constructed. It provides a thorough description of new components of antennas and the C-pole - and practical antennas made from them. CD-ROM included!

Short Antennas for 160 Meter Radio

Item No. 5798 - \$22.95 ARRL Member Price! \$19.95

Intended for amateurs with advanced skills in antenna modeling, this book walks through innovative designs for relatively compact antennas. Enhance bandwidth, minimize loss, and employ other techniques to enjoy 160 meters.

ARRL's Portable Antenna Classics

Item No. 0345 - \$22.95

ARRL Member Price! \$19.95

A collection of helpful articles gathered from more than three decades of *QST*. Featuring easily constructed antenna systems that offer adequate performance, this book provides practical ideas and projects to get you on the air from anywhere:

HF Antennas

Single and multiband designs for all bands from 80 through 10 meters.

VHF/UHF Antennas

Antennas for 6 meters, 2 meters and even 70 centimeters.

Masts and Other Supports

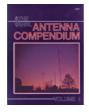

Ingenious ideas for getting your portable antenna off the ground and keeping it there.

The ARRL Antenna Compendium Series

Volume 1

Item No. 0194 - \$20

The premiere volume includes articles on a multiband portable, quads and loops, baluns, the Smith Chart, and more.

Volume 2

Item No. 2545 - \$14

Covers a wide range of antenna types and related topics, including innovative verticals, an attic tri-bander, antenna modeling and propagation.

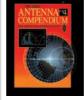

Volume 3

Item No. 4017 - \$14

Quench your thirst for new antenna designs, from Allen's Log Periodic Loop Array to Zavrel's Triband Triangle. Discover a 12-meter quad, a discone, modeling with MININEC and VHF/ UHF ray tracing.

Volume 4

Item No. 4912 - \$20

38 articles covering a wide range of topics. Includes simple, practical antenna projects, and heavy-duty, theoretical treatments of complex arrays.

Volume 5

Item No. 5625 - \$20

Enjoy excellent coverage of baluns, an HF beam from PVC, low-band Yagis, quads and verticals, curtain arrays, and more!

Volume 6

Item No. 7431 - \$22.95

All new articles covering lowband antennas and operating, 10-meter designs, multiband antennas, propagation and terrain assessment. CD-ROM included with propagation prediction software!

ANTENA COMPENDIUM

Volume 7

Item No. 8608 - \$24.95

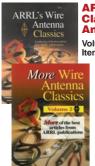

Proven, practical antenna designs from the world of Amateur Radio. This volume includes even more articles on low-band antennas and operating, and great designs for operating on the road—from cars, vans or motor homes.

Volume 8

Item No. 0991 - \$24.95

60 articles from **QST** featuring practical ideas, tips and some of the best antenna projects. You'll find designs such as the Handy Yagi Antenna, Compact 40 Meter HF Loop, 20 and 40 Meter Verticals on "Autopilot" and much more.

ARRL's Wire Antenna Classics and More Wire Antenna Classics

Volume 1 Item No. 7075 - \$14

> Volume 2 Item No. 7709 - \$17.95

So many wire antenna designs have proven to be first class performers! Here are two volumes devoted to wire antennas, from the simple to the complex. Includes articles on dipoles, loops, rhombics, wire beams and receive antennasand some time-proven classics!

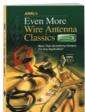

ARRL's Even More Wire Antenna Classics

Volume 3

Item No. 0239 - \$22.95 ARRI Member Pricel \$19.95

The best antenna projects and innovative designs from QST, from 2002 through 2013. Features more than 40 practical designs for a wide range of wire antennas. Discover new ways to experiment with wire antennas

and why they are so rewarding to use.

International Antenna Collection

Volume 1 Item No. 9156 - \$19.95

Volume 2 Item No. 9465 - \$21.95 Collections of antenna

designs from around the world—from 136 kHz to 1.3 GHz, receiving and transmitting, fixed and mobile designs.

For more Antenna Books visit www.arrl.org/shop

Vertical Antenna Classics

Item No. 5218 - \$12

Vertical antennas are everywhere-on cell phones, broadcast towers, portable radios and vehicles. And for good reason! Here are the best articles from ARRL publications in one book. Vertical antenna theory and modeling, VHF and UHF, HF,

directional arrays, radials, product suppliers and more.

More Vertical Antenna Classics

Item No. 9795 - \$17.95

This second edition includes updated material on the art and science of the vertical antenna. Designs for a variety of operating preferences and bands, ground systems, portable antennas, phased vertical arrays, and more.

Yagi ntenna lassics

ARRL's Yagi Antenna Classics

Yagis, Quads, Loops and other Beam Antennas

Item No. 8187 - \$17.95

Includes some of the best articles written about beam antennas, from ARRL publications. Will provide the reader with new and ambitious ideas, and computer-optimized

designs for all-around best performance.

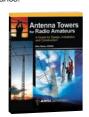

Antenna Towers for Radio Amateurs

A Guide to Design, Installation and Construction

Item No. 0946 - \$34.95

With years of experience as a professional tower climber, Don Daso, K4ZA, leads you through designing and building your own antenna tower. You'll learn the

skills, tools, climbing techniques, and safety measures necessary to improve your antenna system.

ON4UN's Low Band DXing

Antennas, Equipment and Techniques for DXcitement on 160, 80 and 40 Meters 5th Edition

John Devoldere, ON4UN

Item No. 8560 - \$44.95

Includes antenna designs, operating guidelines, and an insider's scoop on low-band DXing. There's something for every active low-band operator, contester, and DX chaser! This edition features new insights and new design techniques for receiving antennas, dipole antennas and phased arrays. Bundled with the fully searchable and complete book on CD-ROM!

Level 1 - Technician

Brand New Third Edition!

The most popular introduction into the world of Amateur Radio!

The ARRL Ham Radio License Manual

All You Need to Pass your Technician Class Exam! 3rd Edition

Softcover

Item No. 0222 - \$29.95

Spiral Bound Item No. 0475 - \$32.95

■ Easy-to-understand "bite-sized"

- pool with answer key, for use through June 30, 2018.

 NEW! Use with ARRL's online Exam Review for Ham Radio.
- Designed for self-study and for classroom use. Intended for newcomers, instructors and teachers

Level 2 - General

Upgrade from Technician

Enjoy the thrill of high-power communications on all HF bands!

eneral Class icense Manual

The ARRL General Class License Manual

All You Need to Pass your General Class Exam! 8th Edition

Softcover

Item No. 0307 - \$29.95

Spiral Bound

Item No. 1904 - \$32.95

- Pass the 35-question General Class exam.
 All the Exam Questions
- with Answer Key, for use through June 30, 2019
- NEW! Use with ARRL's online Exam Review for Ham Radio.
- Detailed explanations for all questions, including
 FCC rules.

ARRL's Tech Q & A

6th Edition Item No. 0178 – \$17.95

- Pass the 35-question test
- Includes the latest question pool with answer key, for use through June 30, 2018.
- Brief, clear explanations for all questions.

ARRL's General Q&A

5th Edition Item No. 0338 - \$17.95

- Pass the 35-question General test.
- Includes the latest question pool with answer key, for use through June 30, 2019
- Brief, clear explanations for all questions.

Online Review and Practice Exams

Use ARRL's online *Exam Review for Ham Radio* in addition to ARRL license manuals to help prepare you for exam day. This web-based service uses the question pool to construct chapter-by-chapter reviews. Take practice exams with the same number and variety of questions you'll encounter on exam day.

ARRL License Manuals and Q&A's are available in the Kindle format from Amazon.

Level 3 - Amateur Extra

Upgrade from General! Achieve the highest level in Amateur Radio!

The ARRL Extra Class License Manual

10th Edition

Item No. 5170 - \$29.95

- Pass the 50-question Extra Class exam.
- All the Exam Questions with Answer Key, for use through June 30, 2016.
- NEW! Use with ARRL's online Exam Review for Ham Radio.
- Detailed explanations for all questions, including FCC rules.

ARRL's Extra Q&A

3rd Edition

Item No. 4708 - \$17.95

- Pass the 50-question Extra test.
- Includes the latest question pool with answer key, for use through June 30, 2016.
- Brief, clear explanations for all questions.

Volunteeer Examiner Items

ARRL/VEC Volunteer Examiner Manual

9th Edition

Item No. 1328 - \$10

A complete guide to the ARRL Amateur Radio Volunteer Examiner program. Whether you have ever thought about becoming a VE or you are a seasoned VE, this is everything ARRL VEs need to know.

VE Challenge Coin Item No. 0711 – \$9.95

This commemorative ARRL VEC challenge coin is in the second in the series. The ARRL diamond and words "Amateur Radio Service" are depicted on the back. 1-1/2" round.

VE Patch Round Item No. 0013 – \$5

VE Patch Rectangular

Item No. 0121 - \$2

VE Polo Shirt Black

Item No. 0281 - \$19.95

Black polo shirt embroidered with the words "Volunteer Examiner" on the front left chest. Superior wrinkle and shrink resistant. Sizes, S-4XL.

VE ID Badge Lanyard Item No. 1342 – \$3.95

Item No. 1342 – \$3.95
Designed specifically for ARRL

VEs, this lanyard is imprinted with the words "ARRL Volunteer Examiner" and "Amateur Radio". Great for identifying volunteers at VF exams!

VE Zippered Portfolio

Item No. 5001 - \$7.95

Carry your VE exam supplies in style! Black portfolio is imprinted with words "ARRL VEC Exams" and features a zipper closure on top.

RL S

VE Pin

Item No. 0023 - \$5.00

Symbolize your involvement as an ARRL Volunteer Examiner with this attractive black and gold pin. Wear it proudly! Size 1" round.

Become an ARRL Volunteer Examiner today!

10 Public Service

www.arrl.org/shop = 1-888-277-5289

The Amateur Radio Public Service Handbook

First Edition Item No. 4845 - \$39.95 ARRL Member Price! \$34.95

For all hams that volunteer their time and skill to serve their communities. It provides knowledge needed for communicating quickly and effectively during

disasters, emergencies, and community events, as well as an opportunity to learn more about the Amateur Radio Service and its unique role in supporting the public.

The digital edition is available in the Kindle format from Amazon.

ARES® Field Resources Manual

Item No. 5439 - \$12.95

A quick trainer and field resource guide for the emergency communicator.

The digital edition is available in the Kindle format from Amazon.

ARES Magnetic Sign

Item No. 9413 - \$12.95

Perfect for use at public service and emergency communications support activities. Size 8 x 18 inches.

"When All Else Fails..." Supplies

These items are a great reminder that Amateur Radio provides immediate high-quality communications that work every time, when all else fails

WAEF t-shirts, pins, stickers and more are available at www.arrl.org/shop.

ARES Pin

Item No. 0241 - \$5

This colorful pin will symbolize your involvement in the Amateur Radio Emergency Service (ARES). Wear it proudly! Size 1" round

ARES decals, stickers, and patches are also available at www.arrl.org/shop.

Item No. 2606 - \$5

Symbolize your involvement in the National Traffic System (NTS). Wear it proudly! Size 1" round.

NTS stickers, patches and mugs are also available at www.arrl.org/shop.

Emergency Power for Radio Communications

2nd Edition

Michael Brvce, WB8VGE Item No. 6153 - \$27.95 ARRL Member Price! 24.95

Explore the various means of electric power generation, from charging batteries, to keeping the

lights on. Covers the foundation of any communications installation — the power source.

The ARRL Introduction to Emergency Communication Course

4th Edition

Item No. 7303 - \$24.95

An introductory course designed for Amateur Radio volunteers who want to serve as part of an ARES® response team. This book is the course transcript for the EC-001 course and is an optional resource.

ARES Deployment Gear

Great for ARES volunteers. emergency and public service use. One size fits most. ANSI/ISEA 107-2004 Class 2 compliant.

- Neon Mesh Vest (M-3XL) Item No. 0128 - \$15.95
- Neon Solid Vest (M-3XL) Item No. 0136 - \$24.95
- Neon Hat Item No. 0099 - \$14.95

Personal Emergency Communications

Item No. 0081 - \$14.95

Staying in touch post-disaster! Learn modern communications technologies and how to implement a realistic backup communication system.

Solar Crank Flashlight

Be prepared for any emergency with this powerful LED flashlight. Charge with the solar panel, hand crank, or AC/DC input.

Eton Microlink FR160 Radio

Item No. 1150 - \$35

Self-powered AM/FM/NOAA weather radio with built-in LED flashlight, solar power and USB cell phone charge. Get one radio for your disaster supplies kit and another for your ham radio "go kit".

Digital Communications 11

www.arrl.org/shop = 1-888-277-5289

Get on the Air with HF Digital

The Beginners Guide to PSK31, RTTY and More!

Steve Ford, WB8IMY

Item No. 6016 - \$25.95 ARRL Member Price! \$22.95

A step-by-step guide that will get you started in the fascinating world of HF digital technologies. Written in an easy to understand

style, learn how to set up and operate your own HF digital station. A fun and easy way for beginners to get on the air!

The digital edition is available in the Kindle format from Amazon.

The ABCs of Software Defined Radio

Item No. 6320 - \$22.95 ARRL Member Price! \$19.95

An introductory guide to SDR and Digital Signal Processing (DSP) technologies. Discover the basic principles of SDR, advantages to SDR technology, and ways to

utilize it in Amateur Radio operation.

RTTY/PSK31 for Radio Amateurs

2nd Edition

Item No. 5003 - \$15.95

Fully updated, this edition provides everything you need to know to get the most out of this fascinating area of Amateur Radio. **CD-ROM included.** 48 pages.

Wireless Receiver Design for Digital Communications

2nd Edition

Item No. 0080 - \$139

A reference for electrical engineers and radio communication experimenters. Includes proven concepts, illustrations, and design examples that help clarify each component within the system design.

Digital Communication Systems Using SystemVue

Item No. 1084 - \$44.95

An essential guide for anyone wishing to understand digital communication systems through simulations using SystemVue.

Remote Operating for Amateur Radio

Ham Radio, the Internet and Remote Station Control Steve Ford, WB8IMY Item No. 0922 – \$22.95

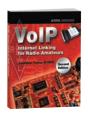

Learn the basics of how the Internet works how to interconnect Amateur Radio hardware and software for remote Internet control. Station diagrams, software tips and more.

VoIP: Internet Linking for Radio Amateurs

2nd Edition

Jonathan Taylor, K1RFD Item No. 1431 – \$21.95

Your complete guide to the most widely-used VOIP systems used by hams; with particular attention to **EchoLink** and and the Internet Radio Linking Project, or **IRLP**.

Nifty E-Z Guides

D-ST Item N

Nifty E-Z Guide to D-STAR Operation

Item No. 0125 - \$13.95

Using easy to understand explanations and illustrations, this book is an ideal resource for discovering the full range of operating modes and opportunities available to D-STAR users. 135 pages.

Nifty E-Z Guide to PSK31 Operation

Item No. 0370 - \$12.95

Learn how to setup your station for PSK operation. Light on theory, this book concentrates on the practical issues of getting things connected and making PSK31 QSOs. 70 pages.

Nifty E-Z Guide to EchoLink Operation

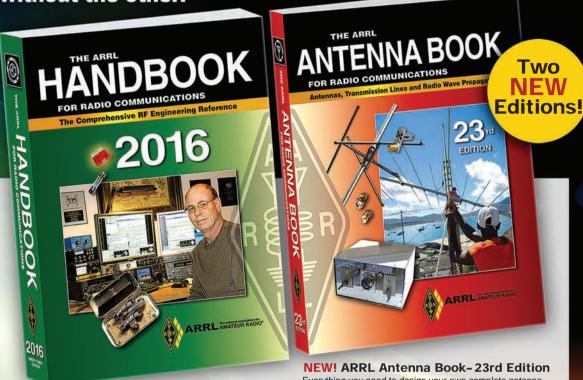

Item No. 1094 - \$13.95

Your complete guide to EchoLink installation and operation. Discover how to use your radio or personal computer to make EchoLink contacts anywhere in the world! 140 pages.

Experience the Excitement of Digital Communications!

Radios and Antennas:

...You can't have one without the other.

NEW! ARRL Handbook - 2016 Edition

THE standard reference for radio electronics and wireless communications. Since 1926, **The Handbook** has kept radio amateurs, professionals, and experimenters immersed in applied theory and do-it-yourself projects. It covers a wealth of information: the fundamentals of electronics and radio signals, construction practices, antennas and propagation, equipment and circuit design, and other useful reference information.

Fully searchable CD-ROM inside!

Everything you need to design your own complete antenna system. Since 1939, **The Antenna Book** has maintained its place at the forefront of Amateur Radio technology—a single resource covering antenna theory, design and construction, and practical treatments and projects. It describes hundreds of antenna designs: wire, vertical, portable and mobile, and new high-performance VHF/UHF Yagi designs.

Fully searchable CD-ROM inside!

System Requirements: Windows® 7, Windows Vista®, or Windows® XP, as well as Macintosh® systems, using Adobe® Acrobat® Reader® software. The Acrobat Reader is a free download at www.adobe.com. PDF files are Linux readable. The ARRL Antenna Book utility programs are Windows® compatible, only.

Special Offer!

Get the HARDCOVER editions for the softcover price when you order now or while supplies last. Save an additional \$10 when you Double-Up and order both books online while supplies last. Enter Coupon Code TWO at www.arrl.org/shop.

Hardcover Handbook 2016 Edition. Retail \$59.95. Special Offer! Save \$10 Only \$49.95*

ARRL Item No. 0420

Softcover Handbook 2016 Edition. Retail \$49.95* ARRL Item No. 0413

Hardcover Antenna Book 23rd Edition, Retail \$59.95 Special Offer! Save \$10 Only \$49.95*

ARRL Item No. 0390

Softcover Antenna Book 23rd Edition. Retail \$49.95* ARRL Item No. 0444

Get this exclusive offer when you order both books in hardcover, softcover or combination of both, online, While supplies last.. When prompted for a Coupon Code type TWO (one coupon code per order). The additional \$10 savings will automatically be applied. Valid on retail orders from ARRL, only.

*Actual dealer prices may vary. Shipping and handling charges apply. Sales Tax is required for all orders shipped to CT, VA, and Canada. Prices and product availability are subject to change without notice.

Ham and Shortwave Radio for the Electronics Hobbyist

Item No. 0097 - \$25.00

Practical guide perfect for those interested in shortwave listening. Covers communications modes, frequency ranges, details on fixed, mobile, and portable ham stations, antennas, and more. Keep the lines of communication open in any situation!

ARDUINO PROJECTS AMATEUR RADIO

Arduino Projects for Amateur Radio

Item No. 5007 - \$30

Step-by-step microcontroller projects you can accomplish on your own-no programming experience necessary. Provides detailed instructions, helpful diagrams, and hardware and software tips that make building your own equipment even more enjoyable.

Raspberry PI Workshop Manual

Item No. 1007 - \$28.95

An introduction to the affordable small computer. Printed in full color throughout, this manual is aimed at those switching on their Pi for the first time, guiding them through the full process of setup and configuration.

Tower Climbing Safety & Rescue

4th Edition

Item No. 1108 - \$29.95

Essential for Tower Riggers and Technicians, Radio Amateurs, Supervisors and Project Managers. Includes environmental hazards, stock and tasks, safety equipment, rescue and more.

Up the Tower

Item No. 1260 - \$35

The complete guide to tower construction. Over 220 pages of facts, techniques, hardware and lots of answers to your tower construction questions.

Marine Amateur Radio

Item No. 9723 - \$12.95

Use ham radio for coastal, high-seas, or worldwide communications. Select, install, and operate a ham radio system on any boat, power or sail. Produced by United States Power Squadrons.

Antenna Zoning for the Radio Amateur

2nd Edition

Item No. 1192 - \$49.95

Techniques and strategies that a ham and his or her attorney can use to obtain an antennastructure permit. Keep peace with the neighbors and enjoy ham radio!

Arduino Sketches

Published by Wiley

ARRL Item No. 1005 - \$35

Get the most out of your Arduino setup with expert programming instruction and hands-on practice to test your skills. You'll find coverage of the various Arduino boards, detailed explanations of each standard library, and guidance on creating libraries from scratch.

Practical Antenna Handbook

Practical Antenna Handbook

5th Edition

Item No. 0371 - \$52

Design and build your own antennas! Provides clear answers to questions frequently asked by hobbyists and electronics technicians, while bending theoretical concepts with hands-on experience.

Build Your Own Transistor Radios

Item No. 1367 - \$50

A hobbyist's guide to designing and building high-performance and low-powered radios. Includes complete projects and detailed schematics.

Magnetic Loop Antenna ARRL Item No. 2002 – \$20

Explains the theory, mathematically of the antennas magnetic and electric field principles. A variety of magnetic-loop antennas are included.

"For Dummies" Series

Ham Radio for Dummies

Ward Silver, NØAX 2nd Edition

Item No. 0502 - \$24.99

This beginner guide reflects the operational and technical changes to Amateur Radio over the past decade. Includes licensing requirements, changes in digital communication, and using e-mail via radio.

Raspberry Pi for Dummies

Item No. 2945 - \$24.99

Embrace the exciting new technology of Raspberry Pil You'll quickly discover how to download and install the operating system, use the installed applications, and much more.

Arduino Projects for Dummies

Item No. 8102 - \$29.99

Featuring an array of projects, this beginner guide walks you through each one so you can acquire a clear understanding of the different aspects of the Arduino board. Turn everyday electronics and simple old projects into incredible innovations!

Raspberry Pi Projects for Dummies

Item No. 0034 - \$24.99

Join the Raspberry revolution with fun and easy Pi projects. This book introduces Raspberry Pi basics and gives you a solid understanding of all the essentials you'll need to take on your first project.

Electronics

DUMMIES

Arduino for Dummies

Item No. 7000 - \$24.99

Leap into the fascinating world of physical computing. You'll discover how to build a variety of circuits that can sense or control real-world objects, prototype your own product, and even create interactive artwork. What you make is up to

2nd Edition

Item No. 0196 - \$24.99

Make something fascinating of electronics. Learn how electricity

functions, how to put it to work, what tools you need to build circuits, what you can make with them.

The Secret Wireless War

Softcover Edition

Item No. 0262 - \$39.95

The most complete book yet written on Britain's secret radio communications during WWII. It's an extraordinary story that includes hams among those patriots that undoubtedly helped the allied war effort.

Edgar Harrison

Soldier, Patriot and Ultra Wireless Operator to Winston Churchill Item No. 0270 – \$29.95

A remarkable story of Edgar Harrison and the adventures he encountered throughout WWII.

Inside Enigma

Item No. 0611 - \$19.95

Secrets of the Enigma machine! How they were used, how the messages were coded and why the code was unbreakable.

16 RSGB Catalog

www.arrl.org/shop = 1-888-277-5289

Radio Communication Handbook

12th Edition

Item No. 2040 - \$59.95

Everything you need to build or understand amateur radio equipment. Expanded chapters cover HF Transmitters and Receivers, LF, Microwaves, VHF/UHF Antennas, and more. CD-ROM included! 864 pages.

Six & Four Properties of the Control of the Control

Six and Four

Item No. 3764 - \$24.95

Explore the excitement of the "magic band" with this complete guide to 6 meters, as well as 4 meters. With new countries gaining temporary or permanent access on a regular basis, you'll discover both bands are exciting and fun! 288 pages.

Amateur Radio Astronomy

2nd Edition

Item No. 0388 - \$32.95

Explore the science of radio astronomy and how the average amateur can make and set up equipment to study the signals coming from space. 384 pages.

AURORAS

Radio Auroras

Item No. 1208 - \$12.95

The fascinating story of the radio amateurs who discovered this mode of propagation and how they made use of it. Includes details of how auroras are caused, how they can be forecast, and how best to use them to work DX. 64 pages.

Item No. 0240 - 24.95

A fascinating look at naturally originating radio signals. Includes signal descriptions, explanations of where they come from, and the proper way to receiving and analyzing them. 256 pages.

Homebrew Cookbook

Item No. 0232 - \$24.95

Features a number of construction projects including receiver designs, simple circuits, and SSB transmitters. Projects use simple techniques with obtainable components. 208 pages.

Item No. RBYA - \$34.95

With simple techniques, you can build high performance antennas. Create compact multi-band antennas, end-fed and center-fed antennas, rotary beams, loops, tuning units, VHF/UHF antennas, and more! 208 pages.

An Introduction to Antenna Modeling

An Introduction to Antenna Modelling

Item No. 9500 - \$19.95

Learn how to input antennas designs into MMANA-GAL, adapt designs you are given and optimize your designs for the best performance. Learn how to model a whole host of antennas including dipoles, the G5RV, the W3DZZ trapped dipole, verticals, magnetic loop antennas and more. 80 pages.

Novel Antennas

Item No. 0033 - \$24.95

Radio Amateurs experiment with antennas to get the best performance they can. Few have ever considered anything beyond basic antenna designs - this book tries to set that right with a myriad of 'novel' antenna designs from around the world.

Sizescylel Wire Antennas

Successful Wire Antennas

Item No. 0363 - \$24.95

Packed with the latest wire antenna designs and developments, this book is a must-have for wire enthusiasts of all levels. Part of the popular family of *Practical Wire Antennas*. 240 pages.

Antennas for VHF and Above

Item No. 0501 - \$29.95

Discover what can be achieved on the VHF, UHF, and microwave bands. Includes all the details you need for understanding and experimenting with antennas. 144 pages.

HF Antennas for Everyone

Item No. 0145 - \$24.95

Divided into horizontal, vertical and loop antennas, this book features a combination of both the traditional and most recent designs. 366 pages.

Antennas Mastered

Item No. 0008 - \$24.95

A fascinating look at the practical side of antennas. Covering a breadth of material, readers will find practical solutions for all bands, antenna types, meters, software and more. 288 pages.

Stealth Antennas

2nd Edition

Item No. 0219 - \$24.95

Practical solutions for hams unable to put up large antenna towers and get on the air! Expanded and updated! 224 pages.

Building a Transceiver

Item No. 6959 - \$24.95

Home construction is alive and well amongst Amateur Radio operators. Based on the RadCom column "Homebrew", discover how making something as complex as an HF transceiver can be achieved with very simple equipment and techniques. 176 pages.

Amateur Radio Mobile Handbook

Item No. 5225 - \$19.95

For hams who regularly "go mobile" or are interested in doing so. Covers all the basics, installing equipment and antennas in a vehicle, maritime mobile, bicycles mobile, and more, 128 pages.

LF Today

3rd Edition Item No. 0387 - \$24.95

All the information you need to succeed on 136 & 500 kHz. Advice for amateurs just starting out, and reference information for those who already have some experience in LF. 192 pages.

Test Equipment for the Radio Amateur

Item No. 1027 - \$24.95

Learn how to measure the performance of your station. You'll find it's easy to make useful test equipment yourself. 256 pages.

Morse Code for Radio Amateurs

11th Edition

Item No. 6096 - \$15.95

Learn Morse code and get the maximum enjoyment from using it. Includes how to get started, learning techniques, increasing your speed and more. CD-ROM included. 48 pages.

Radio Orienteering-The ARDF Handbook

Item No. 0131 - \$19.95

Everything you need to become involved in this great amateur racing sport! Fun for both new and experienced amateurs, competitors use their skills to locate a number of hidden transmitters. 112 pages.

International QRP Collection

as new material. 176 pages.

A compilation of the art and science of QRP. Contains articles from many

Amateur Radio magazines including

RadCom. QST. Sprat. Break In. as well

Item No. 0020 - \$24.95

Microwave Know How

Item No. 0303 - \$21.95

A compilation of articles for building equipment for the Amateur Radio microwave bands. All projects use modern techniques and up to date components. 192 pages.

Computers in Amateur Radio

2nd Edition Item No. 6193 - \$24.95

An insight into the Amateur Radio uses for the home computer. Includes material on the possibilities of Raspberry Pi and the wide variety of data modes now available. CD-ROM included, 256 pages.

IOTA Directory

Item No. 9916 - \$19.95

Now celebrating 50 years of the Island on the Air (IOTA) program. To mark this golden anniversary the fully updated IOTA Directory provides the essential guide to participating in the IOTA award program. 128 pages.

RSGB

Prefix

Guide

VHF/UHF Handbook

2nd Edition

Item No. 1229 - \$29.95

Your guide to theory and practice in the VHF and UHF bands. Topics include getting started, antennas, constructing your own equipment, satellite operation,

local nets, and specialized modes such as data and TV. 320 pages.

Prefix Guide

Complete guide to call sign prefix

DXCC listings, award details and

identification and information.

A History of *QST* – Volume 1: Amateur Radio Technology 1915-2013

Edited by Ward Silver, NØAX Item No. 0003 - \$34.95 ARRL Member Price! \$29.95

Discover the technical contributions made throughout Amateur Radio's first century. Begin in the era of spark and continue through advances in radio electronics, antenna design, and the dawn of satellites and digital communications.

50 Years of Amateur Radio **Innovation Transmitter, Receivers** and Transceivers: 1930-1980

Joe Veras, K9OCO Item No. 0228 - \$39.95

A guided tour of more than 400 legendary radios from 1930 – 1980, the "golden age" of American Radio Technology. This span saw the introduction of receivers, transmitters and transceivers that would become famous throughout the world.

50 Years

50 Years CD-ROM

Item No. 3558 - \$19.95

Over 800 fascinating images, photographed by Joe Veras, K9OCO, not featured in the 50 Years of Amateur Radio Innovation book (sold separately).

Item No. 0364 - \$15.95

The work of Philip "Gil" Gildersleeve, W1CJD, became a tradition. In tribute to this talented, creative and devoted artist and ham, the ARRL presents in this book a reprint of a portion of the best of his work.

World's **Best Hobby**

Item No. 9898 - \$22.95

A memoir by Dave Bell, W6AQ, of his life in the fascinating hobby of Amateur Radio. Written in a fun, entertaining style readers will be certain to enjoy.

Where Discover **Sparks Imagination**

Item No. 1660 - \$34.95

Examine the early history of radio and electricity, with a collection of over 600 photographs. Anyone who appreciates the amazing workmanship and artistry of old technology will love this book.

A History of QST - Volume 2: Advertising 1915-2013

Joe Veras, K9OCO Item No. 0048 - \$34.95 ARRL Member Price! \$29.95

Trace the history of receivers. transmitters, antennas, and other station gear through this collection of QST pages and advertising. It's a nostalgic journey, as told through the creative marketing, advertising and photography or yesteryear.

100 Years of QST -Special Reissue

Item No. 0365 - \$9.95

Celebrate 100 years of ARRL's membership journal, with a commemorative reissue of the first QST—the December 1915 issue.

The ARRL Film Collection DVD

Dave Bell, W6AQ Item No. 3725 - \$15.95

Take a journey back as ARRL presents a series of videos beginning in the late 1950s. From the original "Hams Wide Word" to "Amateur Radio Today", you will watch the evolution of Amateur Radio unfold before your eyes.

The Story of the Queen Mary and W6RO DVD

Item No. 1344 - Only \$15.95

A story about W6RO, the Amateur Radio station located aboard the historic Queen Mary. With 35 years of continuous operation, W6RO has presented a positive image to millions of visitors. 28 minutes.

The World of Ham Radio: 1901 - 1950

Item No. 0257 - Only \$55

Explore the history of ham radio operators, their social history and their many contributions to the technological development of worldwide communications. This book highlights ham radio in major events of the half century, exploration and aviation "firsts".

Radio, 1901-1950

National Parks on the Air Supplies

Ham Radio operators will be transmitting from national parks, monuments, and historic sites throughout 2016, to celebrate the National Parks Service Centennial.

ARRL Amateur Radio Hat

- Black Hat Item No. 5004 \$10.95
- Khaki Hat Item No. 4094 \$10.95

Medium profile cap with sandwich visor feature contrasting undervisor, mesh lining and adjustable cloth strap closure. Available in black and khaki. One size fits most.

ARRL Polo Shirt

- Royal Blue Polo \$22.95
 Men Item No. 3108 (S-4XL)
 Ladies Item No. 3108W (S-3XL)
- Red Polo \$22.95
 Men Item No. 7319 (S-4XL)
 Ladies Item No. 7319W (S-3XL)

Designed for ARRL Members, this sport polo features the ARRL diamond logo with the words "ARRL, Amateur Radio" on the front left chest. Available in royal blue and red.

ARRL Fleece Jacket

Riverblue – Item No. 3066 – \$39.95

ARRL Sport Jacket

Nautical Blue – Item No. 7351 – \$39.95

These jackets are embroidered with the words "ARRL, Amateur Radio" on the front left chest. Sizes S-3XL.

HAM Hat

Item No. 0014 - \$12.95

Black hat embroidered with the HAM logo and the ARRL web address. Adjustable Velcro strap closure. One size fits most.

ARES Apparel

ARES Polo Shirt

Item No. 0006 - \$22.95

Designed for public service and ARES volunteers, this sport polo is embroidered with the Amateur Radio Emergency Service® (ARES) logo on front left chest. A perfect way to symbolize your commitment to Amateur Radio and the Emergency Service program. Size, S–4XL. Color, Navy.

ARES T-Shirt

Item No. 1331 - \$12.95

ARES® t-shirt, featuring the logo on the front left chest and "Radio Communications" on the back. Perfect for public service events. Size, S–4XL. Color, Navy.

ARES Paracord Bracelet

Item No. 1003 - \$4.95

Hand-designed and custom-crafted out of parachute cord, this blue and red paracord bracelet features the ARES logo

Join ARRL:

ARRL Membership dues:

US with QS7: 1 Year \$39 paid before Dec 31, 2015

Please note ARRL membership dues increase on January 1, 2016. A 1-year

membership in the US will be \$49. For a complete list of dues rates effective January 1, 2016, and the value of ARRL membership, please visit www.arrl.org/dues. Payments for previous dues rates received after December 31, 2015 will be prorated. Membership includes \$21 per year for a subscription to QST. Dues are subject to change without notice and are nonrefundable.

ARRL Subscriptions for one year (US rates):

- □ QEX-Forum for Communications Experimenters, \$24 (non-ARRL members \$36)
- □ NCJ-National Contest Journal, \$20
